Advanced Handgun Training

360° CQD is a completely integrated method containing the "Original CAR System" and Weaver/Isosceles together with training techniques of the Reality Based Training Association.

This is a premier training method comprised of several sub disciplines including firearms, mindset, tactical application and more; All combining to become a complete framework.

Why train in 360° CQD?

This method will increase your ability to repeatedly thrive in high stakes and deadly force incidents.

Specializing in situations involving surprise attacks, confined spaces, vehicle defense or close proximity (30 feet and in).

Reliability. Speed. Efficiency.

Pre-Course Introductory (Optional): November 4

The purpose of this day is to offer additional time to dive deep into the Scientifically Proven CQD Method. It is a REAL BENEFIT!

2-Day Course: November 5-6

The purpose of this class is to offer training to those who do not have time for a longer course. It is the absolute least time one can spend training in 360° CQD initially and still get a hold on all the concepts enough to practice properly post course.

Tuition: \$595 (Includes range fee and lunch on site).

3-Day Package: \$795 (Includes range fee and lunch on site). Great Value!

Who can participate in this training?

Current and former law enforcement, military and corrections, security and executive protection personnel and those protection minded civilians with shooting experience and good safety skills.

Temporary permits can be secured to bring your own pistol from the mainland.

Pistol rental and ammunition purchase available upon request. You will need 800 rounds.

Space is limited, on a first-come, first-serve basis.

Presented By Jeff Johnsgaard

In 2009 and until his premature death from cancer in 2011 Paul Castle the creator of the CAR System declared Jeff Johnsgaard to be the official heir to the CAR System. Jeff has proudly continued to forward the CAR System both in technique and in instructional framework to his day. The latest evolution of CAR is our 360° CQD (Close Quarter Defense) training. This is much more than just the CAR System and offers firearms and physical skills along with specific teaching techniques to aid learning and retention.

Jeff is a police officer and holds advanced firearms training to special teams nationally and internationally. He takes his expertise to optimize training in academies and organizations around the world. He is also a proud Advanced Force Science graduate.

Jeff has been published in many places such as ILEETA, IALEFI, IADLEST, etc. Find out more about Jeff at www.naturaltactical.com
