

Fundamentals of Executive Protection Certificate Course

August 19-20

**Hosted by
Madison College
Madison, WI**

Learn how to manage a VIP security operation.

This class is a great introduction into Executive Protection for active/retired law enforcement, public safety and private security operators looking to get into the protection field professionally/personally. This course will provide you with a certificate of completion from EPI, a worldwide recognized organization and pioneer in the Executive Protection Industry.

You will take with you an understanding of:

- The EPI Method of Protection.
- Security Concepts.
- Risk Management.
- Teamwork/Ethics.
- Advance.
- Dealing with the media/tourists fans/paparazzi.
- Special events and Event Security.
- Route analysis.
- Surveillance Detection.
- Adversary's Perspective and Behavior.
- Tactical communication for the security professional.

This overview program is designed to equip both seasoned professionals and newcomers to the field with the practical knowledge and expertise needed to navigate the complexities of VIP security in various environments
